

1500kg payload on a car license!

SBA SERVICE BODIES AUSTRALIA

with the **CityPro™ NLR 45**

The ultimate handy and compact city runabout with an impressive 1500kg of payload on a car license

When a medium sized load of tools and materials is a daily necessity but space is at a premium down narrow city streets, the solution is the CityPro™ NLR 45.

Park comfortably in loading zones, driveways and carparks and enjoy easy access to all the day's equipment. Its narrow 1770mm cab and 1500kg payload drivable on a car license mean it's a champion inner city work vehicle. It can even access many inner city carparks (cab height 2155mm).

Equip your team with a truck that can carry three personnel, handle heavy loads, yet is still nimble enough to cope with the challenges of inner city manoeuvres. When a 1-tonne ute is not enough but a 3-tonne truck would be overkill, this is the service body that will meet your needs completely.

CityPro™ NLR 45 standard features:

- 1500kg of payload on a car license
- 2500 litres of lockable storage space with strong adjustable shelving
- Narrowest 1770mm cab width
- Up to 2.5-tonne towing capacity
- Seats driver and 2 passengers
- Gutsy Isuzu 3L engine
- Ergonomically designed for safety, practicality and convenience
- Optimal driver visibility
- Slam-shut paddle handle locks with 2-stage rotary latching
- Strong, double skin doors with inner pockets
- 4-stage pretreatment/powder coat finish
- Designed & engineered to comply with local & federal OH&S

CityPro™ NLR 45 optional extras:

- Central locking integrated with Isuzu cab key
- Integrated bumper/rear step/crow bar compartment
- Door ajar alarm
- LED lighting in compartments
- Jump start receptacle
- Switch panel in cab for work lamps and beacons
- Genuine Isuzu reversing camera to media system
- 24V dual battery system
- 2.5T tow bar with 7-pin plug
- 24V to 12V reducer
- Electric brake controller
- Load rated tie down points in centre aisle
- Alloy light bar, amber beacons and work lights
